

These Klein Oak members of the Klein ISD Robotics Team members participated in the F.I.R.S.T. Robotics World Championship last week at the George R. Brown.

The team is comprised of students from all four Klein ISD high schools. The team, known as VorTX 3735 in the F.I.R.S.T. Robotics community, was one of 401 team from all over the world competing in this final competition of the year. The 401 teams were split across 6 divisions, with VorTX 3735 competing in the Newton Division.

The team earned this finalist trophy and plaque for their 2nd place finish in the Newton Division and tied for 7th place overall in the championship event.
